

MASSACHUSETTS ENVIRTHTHON

Thursday, May 13, 2010

Otter River State Forest, Baldwinville, Mass.

Welcome!

We've prepared all year for this day and, finally, here it is: the 2010 Massachusetts Envirothon!

The Massachusetts Envirothon brings together all kinds of people who care about their communities and the environment, from across our Commonwealth.

A lot of people work hard to make this day a success -- coaches, teams, volunteers, judges, the staff of Otter River State Forest, Envirothon committee members, our many program sponsors and advocates, the people listed in this program and many more in our home communities who contributed their energy and time.

Why do we do it? What good is it?

This day brings together the Massachusetts environmental community to welcome a new generation into this important work.

It's a day to enjoy the outdoors and renew our energy, and to remind ourselves why we care, and what the stakes are.

The competition here challenges everyone to prepare well and to do their best. At the end of the day, we congratulate the winners, but we also remember that in the work of protecting the environment and improving our communities, we are all in this together.

As we leave, we are all one big team!

Will Snyder
