

The young people competing in today's Envirothon are truly the leaders of tomorrow.

The Massachusetts State Grange is proud to be a sponsor of the 2019 Massachusetts Envirothon.

Massachusetts Envirothon History

The Mass. Envirothon has been educating young people about the environment for 32 years. When the Envirothon program started in 1979 in Pennsylvania it was known as the Environmental Olympics. In 1988, the name was changed to the Envirothon. That year, the first Mass. Envirothon was held. Five teams participated in the competition at Buck Hill Conservation Land in Spencer, Mass. Here's a snapshot of past Mass. Envirothons:
