### **Massachusetts Envirothon to be held Thursday, May 22<sup>nd</sup> at Borderland State Park, Easton MA**

**Forest Stewardship: Resilience for a Changing Climate is 2025 issue.**

**WHAT:** Some 175 Bay State teenagers from 23 Massachusetts teams will show how much they know about the environment at the **38<sup>th</sup> annual Massachusetts Envirothon**. At this outdoor competition, teams will rotate through “ecostations” where they will answer written questions and engage in hands-on activities such as soil analysis, wildlife habitat assessment, tree identification, and water quality measures. At the fifth station, the Current Issue, they will give a 15-minute presentation on “*What are the top 3 specific ways my community can contribute to reaching the state goal of 30% conservation by 2030 and 40% by 2050?*” to a panel of judges.

**A team from your coverage area may be participating (see following list).**

### **GREAT PHOTO & VIDEO OPPORTUNITIES!**
